EMERGENCY MEDICINE SIMULATION FELLOWSHIP

The Department of Emergency Medicine, in collaboration with the Interprofessional Clinical Simulation Program, is offering a one-year Emergency Medicine Simulation fellowship. It is designed for emergency medicine residency graduates interested in pursuing a career in simulation-based education. The fellow is provided the academic appointment and benefits of a Clinical Instructor in the Brody School of Medicine Department of Emergency Medicine.

The fellow will develop knowledge and skills in:
- safe, simulation-based learning,
- simulation technologies,
- curriculum design and implementation,
- interprofessional education,
- mobile simulation,
- simulation-based education research,
- and in the leadership, administration and operations of a clinical simulation program.

The fellow will spend a minimum of 30 hours per week in fellowship related educational activity in and/or related to the Interprofessional Clinical Simulation Program. The fellow is expected to perform emergency medicine clinical duties as a junior attending physician and expected to work 8-10 clinical hours per week.

Candidates can apply now for the 2022-2023 academic year. The application deadline is March 1, 2022. Candidate prerequisites include graduation from an accredited U.S. emergency medicine residency program, board eligibility/certification in Emergency Medicine, three letters of recommendation, and a demonstrated interest in simulation-based education.

Applications must be submitted through East Carolina University Human Resources (position #600029). For further information regarding the fellowship or the application process, please visit our website at www.ecu.edu/clinicalsimulation or contact:
