

SIMPLE WESTERN SIZE CONSUMABLES

Item	Part No.	Description	US List Price
WES KITS			
Wes-Rabbit (12-230 kDa) Master Kit for 200 data points	PS-MK01	Includes: 8 Capillary Cartridges (25 capillaries per cartridge), 8 Plates (pre-filled with Separation Matrix, Stacking Matrix, Running Buffer and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent II, Anti-Rabbit Secondary Antibody, FL Standard with 29 kDa System Control protein, and Simple Western Standard (MW ladder spans 12-230 kDa). Reagents for 200 Simple Western data points. Ships in 2 parts.	\$1,250
Wes-Mouse (12-230 kDa) Master Kit for 200 data points	PS-MK02	Includes: 8 Capillary Cartridges (25 capillaries per cartridge), 8 Plates (pre-filled with Separation Matrix, Stacking Matrix, Running Buffer and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent II, Anti-Mouse Secondary Antibody, FL Standard with 29 kDa System Control protein, and Simple Western Standard (MW ladder spans 12-230 kDa). Reagents for 200 Simple Western data points. Ships in 2 parts.	\$1,250
Wes-Rabbit (12-230 kDa) Master Kit for 104 data points	PS-MK04	Includes: 8 Capillary Cartridges (13 capillaries per cartridge), 8 Plates (pre-filled with Separation Matrix, Stacking Matrix, Running Buffer and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent II, Anti-Rabbit Secondary Antibody, FL Standard with 29 kDa System Control protein, and Simple Western Standard (MW ladder spans 12-230 kDa). Reagents for 104 Simple Western data points. Ships in 2 parts.	\$900
Wes-Mouse (12-230 kDa) Master Kit for 104 data points	PS-MK05	Includes: 8 Capillary Cartridges (13 capillaries per cartridge), 8 Plates (pre-filled with Separation Matrix, Stacking Matrix, Running Buffer and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent II, Anti-Mouse Secondary Antibody, FL Standard with 29 kDa System Control protein, and Simple Western Standard (MW ladder spans 12-230 kDa). Reagents for 104 Simple Western data points. Ships in 2 parts.	\$900
Wes 66-440 kDa Rabbit Master Kit for 200 data points	PS-MK08	Use with Compass v2.6 or higher. Includes 8 Capillary Cartridges (25 capillaries per cartridge), 8 Wes 66-440 kDa Pre-filled Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, Anti-Rabbit Secondary Antibody, FL Standard (57kDa, 280kDa) with 90 kDa System Control protein, and Simple Western Standard 66-440 kDa. Reagents for 200 Simple Western data points. Ships in 2 parts.	\$1,250

<p>Wes 66-440 kDa Mouse Master Kit for 200 data points</p>	<p>PS-MK09</p>	<p>Use with Compass v2.6 or higher. Includes 8 Capillary Cartridges (25 capillaries per cartridge), 8 Wes 66-440 kDa Pre-filled Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, Anti-Mouse Secondary Antibody, FL Standard (57kDa, 280kDa) with 90 kDa System Control protein, and Simple Western Standard 66-440 kDa. Reagents for 200 Simple Western data points. Ships in 2 parts.</p>	<p>\$1,250</p>
<p>Wes 66-440 kDa Rabbit Master Kit for 104 data points</p>	<p>PS-MK10</p>	<p>Use with Compass v2.6 or higher. Includes 8 Capillary Cartridges (13 capillaries per cartridge), 8 Wes 66-440 kDa Pre-filled Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, Anti-Rabbit Secondary Antibody, FL Standard (57kDa, 280kDa) with 90 kDa System Control protein, and Simple Western Standard 66-440 kDa. Reagents for 104 Simple Western data points. Ships in 2 parts.</p>	<p>\$900</p>
<p>Wes 66-440 kDa Mouse Master Kit for 104 data points</p>	<p>PS-MK11</p>	<p>Use with Compass v2.6 or higher. Includes 8 Capillary Cartridges (13 capillaries per cartridge), 8 Wes 66-440 kDa Pre-filled Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer), Sample Buffer, DTT Vials, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, Anti-Mouse Secondary Antibody, FL Standard (57kDa, 280kDa) with 90 kDa System Control protein, and Simple Western Standard 66-440 kDa. Reagents for 104 Simple Western data points. Ships in 2 parts.</p>	<p>\$900</p>
<p>Wes 12-230 kDa Total Protein Master kit for 200 datapoints</p>	<p>PS-TP01</p>	<p>Use with Compass v2.6 or higher. 8 Capillary Cartridges (25 capillaries per cartridge), 8 Wes Plates (pre-filled with Separation Matrix 2, Stacking Matrix 2, Running Buffer 2 and Matrix Removal Buffer 2), 10 X Sample Buffer 2, DTT Vials, Total Protein Streptavidin-HRP, Total Protein Biotin Labelling Reagents, Reconstitution agent 2, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, FL Standard(1kDa, 29kDa, 230kDa) with 29 kDa System Control protein, and Simple Western Standard 12-230 kDa. Reagents for 200 Simple Western data points. Ships in 2 parts.</p>	<p>\$1,250</p>
<p>Wes 66-440 kDa Total Protein Master kit for 200 datapoints</p>	<p>PS-TP02</p>	<p>Use with Compass v2.6 or higher. Includes 8 Capillary Cartridges (25 capillaries per cartridge), 8 Wes Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer 2), 10 X Sample Buffer 2, DTT Vials, Total Protein Streptavidin-HRP, Total Protein Biotin Labelling Reagents, Reconstitution agent 2, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, FL Standard(57kDa, 280kDa) with 90 kDa System Control protein, and Simple Western Standard 66-440 kDa. Reagents for 200 Simple Western data points. Ships in 2 parts.</p>	<p>\$1,250</p>

Wes 12-230 kDa Total Protein Master kit for 104 datapoints	PS-TP03	Use with Compass v2.6 or higher. 8 Capillary Cartridges (13 capillaries per cartridge), 8 Wes Plates (pre-filled with Separation Matrix 2, Stacking Matrix 2, Running Buffer 2 and Matrix Removal Buffer 2), 10 X Sample Buffer 2, DTT Vials, Total Protein Streptavidin-HRP , Total Protein Biotin Labelling Reagents, Reconstitution agent 2, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, FL Standard(1kDa, 29kDa, 230kDa) with 29 kDa System Control protein, and Simple Western Standard 12-230 kDa. Reagents for 104 Simple Western data points. Ships in 2 parts.	\$900
Wes 66-440 kDa Total Protein Master kit for 104 datapoints	PS-TP04	Use with Compass v2.6 or higher. Includes 8 Capillary Cartridges (13 capillaries per cartridge), 8 Wes Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer 2), 10 X Sample Buffer 2, DTT Vials, Streptavidin-HRP (for ladder), Streptavidin-HRP (for sample), Total Protein conditioning Buffer, Total Protein Biotin Labelling Reagents, Reconstitution agent 2, Wash Buffer, Luminol-S, Peroxide, Antibody Diluent 2, FL Standard(57kDa, 280kDa) with 90 kDa System Control protein, and Simple Western Standard 66-440 kDa. Reagents for 104 Simple Western data points. Ships in 2 parts.	\$900
Wes Training Kit	PS-T001	Includes a Wes-Rabbit (12-230 kDa) Master Kit for 200 data points, HeLa control lysate, Anti-ERK1 Primary Antibody, System Control Primary Antibody (rabbit), and Anti-Mouse Secondary Antibody.	\$1,500
Wes Demo kit	PS-DM01	FOR PURPOSES OF SALES DEMO's ONLY.	N/A
PEGGY SUE/SALLY SUE KITS (Note: These kits CANNOT be run on Peggy or Sally)			
Peggy Sue or Sally Sue-Rabbit (12-230 kDa) Size Separation Master Kit	PS-MK06	Includes 5 boxes of Capillaries (96 capillaries per box), 5 Plates, Matrix Removal Buffer, Wash Buffer, Running Buffer, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges, Separation Matrix, Stacking Matrix, Fluorescent Standard with 29 kDa System Control protein, 10X Sample Buffer, DTT vials, Anti-Rabbit Secondary Antibody, Streptavidin-HRP, Antibody Diluent, and Simple Western Standard (MW ladder spans 12-230 kDa). Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000
Peggy Sue or Sally Sue-Mouse (12-230 kDa) Size Separation Master Kit	PS-MK07	Includes 5 boxes of Capillaries (96 capillaries per box), 5 Plates, Matrix Removal Buffer, Wash Buffer, Running Buffer, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges, Separation Matrix, Stacking Matrix, Fluorescent Standard with 29 kDa System Control protein, 10X Sample Buffer, DTT vials, Anti-Mouse Secondary Antibody, Streptavidin-HRP, Antibody Diluent, and Simple Western Standard (MW ladder spans 12-230 kDa). Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000

Peggy Sue or Sally Sue 66-440 kDa Rabbit Size Separation Master Kit	PS-MK12	Use with Compass v2.6 or higher. Includes 5 boxes of Capillaries (96 capillaries per box), 5 Plates, Matrix Removal Buffer, Wash Buffer, Running Buffer 3, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges, Separation Matrix 3, Stacking Matrix 2, Fluorescent Standard (57kDa, 280kDa) with 90 kDa System Control protein, 10X Sample Buffer, DTT vials, Anti-Rabbit Secondary Antibody, Streptavidin-HRP, Antibody Diluent, and Simple Western Standard 66-440 kDa. Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000
Peggy Sue or Sally Sue 66-440 kDa Mouse Size Separation Master Kit	PS-MK13	Use with Compass v2.6 or higher. Includes 5 boxes of Capillaries (96 capillaries per box), 5 Plates, Matrix Removal Buffer, Wash Buffer, Running Buffer 3, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges, Separation Matrix 3, Stacking Matrix 2, Fluorescent Standard (57kDa, 280kDa) with 90 kDa System Control protein, 10X Sample Buffer, DTT vials, Anti-Mouse Secondary Antibody, Streptavidin-HRP, Antibody Diluent, and Simple Western Standard 66-440 kDa. Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000
Peggy Sue or Sally Sue 12-230 kDa Total Protein Master Kit	PS-TP05	Use with Compass v2.6 or higher. 5 boxes of Capillaries (96 capillaries per box), 5 Plates, Matrix Removal Buffer, Wash Buffer, Running Buffer 2, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges, Separation Matrix 2, Stacking Matrix 2, Fluorescent Standard (1kDa, 29kDa, 230kDa) with 29 kDa System Control protein, 10X Sample Buffer 2, DTT vials, Total Protein Streptavidin-HRP, Total Protein Biotin Labelling Reagents, Reconstitution agent 2, Antibody Diluent 2, and Simple Western Standard 12-230 kDa. Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000
Peggy Sue or Sally Sue 66-440 kDa Total Protein Master Kit	PS-TP06	Use with Compass v2.6 or higher. 5 boxes of Capillaries (96 capillaries per box), 5 Plates, Matrix Removal Buffer, Wash Buffer, Running Buffer 3, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges, Separation Matrix 3, Stacking Matrix 2, Fluorescent Standard (57kDa, 280kDa) with 90 kDa System Control protein, 10X Sample Buffer 2, DTT vials, Total Protein Streptavidin-HRP, Total Protein Biotin Labelling Reagents, Reconstitution agent 2, Antibody Diluent 2, and Simple Western Standard 66-440 kDa. Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000
Peggy Sue or Sally Sue Size Training Kit	PS-T002	Includes a Peggy Sue or Sally Sue-Rabbit (12-230 kDa) Size Separation Master Kit, System Control primary Antibody (rabbit), ERK1 Primary Antibody, Anti-Mouse Secondary Antibody, and HeLa Lysate Control for size.	\$3,500
PEGGY/SALLY KITS (Note: These kits can be run on Peggy Sue and Sally Sue)			
Peggy or Sally-Rabbit (12-180 kDa) Size Separation Master Kit	CBS-01-01	Includes Core Kit for Peggy or Sally, 5 boxes of Capillaries (96 capillaries per box), Size Separation Kit for Peggy or Sally, Size Detection Kit-Rabbit for Peggy or Sally, and Simple Western Standard 1 (MW ladder spans 12-180 kDa). Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000

Peggy or Sally-Mouse (12-180 kDa) Size Separation Master Kit	CBS-02-01	Includes Core Kit for Peggy or Sally, 5 boxes of Capillaries (96 capillaries per box), Size Separation Kit for Sally or Peggy, Size Detection Kit-Mouse for Peggy or Sally, and Simple Western Standard 1 (MW ladder spans 12-180 kDa). Reagents for 480 Simple Western data points. Ships in 2 parts.	\$3,000
Peggy or Sally Core Kit	CBS301	Includes Matrix Removal Buffer, Wash Buffer, Running Buffer, Luminol-S, Peroxide, Running Buffer cup, Wash Buffer cup, Matrix Removal cup, 5 Manifold Cleaning Sponges and 5 Plates. Reagents for 480 Simple Western data points. Ships in 2 parts.	\$1,750
Peggy or Sally Size Separation Kit	CBS301S1	Includes Separation Matrix, Stacking Matrix, 2 Fluorescent Standard vials, Standard Resuspension Buffer, Sample Buffer and 8 DTT vials. Reagents for 480 Simple Western data points. Ships in 2 parts.	\$625
Peggy or Sally Size Detection Kit-Rabbit	CBS301RD	Includes Goat-Anti-Rabbit Secondary HRP Conjugate (ready-to-use reagent) and Antibody Diluent. Reagents for 480 Simple Western data points.	\$375
Peggy or Sally Size Detection Kit-Mouse	CBS301MD	Includes Goat-Anti-Mouse Secondary HRP Conjugate (ready-to-use reagent) and Antibody Diluent. Reagents for 480 Simple Western data points.	\$375
SIMON KITS			
Simon-Rabbit (12-180 kDa) Master Kit	Simon-01-01	Includes Simon Core Kit, Simon Separation Kit 1, Simon Rabbit Detection Kit, and Simple Western Standard 1 (MW ladder spans 12-180 kDa). Reagents for 96 Simple Western data points. Ships in 2 parts.	\$800
Simon-Mouse (12-180 kDa) Master Kit	Simon-02-01	Includes Simon Core Kit, Simon Separation Kit 1, Simon Mouse Detection Kit, and Simple Western Size Standard 1 (MW ladder spans 12-180 kDa). Reagents for 96 Simple Western data points. Ships in 2 parts.	\$800
Simon Core Kit	CBS201	Includes Matrix Removal Buffer, Wash Buffer, Running Buffer, Luminol-S, Peroxide, 1 box of 8 Capillary Clips (12 capillaries per clip), 2 Manifold Cleaning Sponges and 8 Plates. Reagents for 96 Simple Western data points. Ships in 2 parts.	\$700
Simon Separation Kit 1	CBS201S1	Includes Separation Matrix, Stacking Matrix, Fluorescent Standard, Standard Resuspension Buffer, Sample Buffer and 8 DTT vials. Reagents for 96 Simple Western data points. Ships in 2 parts.	\$250
Simon Detection Kit-Rabbit	CBS201RD	Includes Goat-Anti-Rabbit Secondary HRP Conjugate (ready-to-use reagent) and Antibody Diluent. Reagents for 96 Simple Western data points.	\$150
Simon Detection Kit-Mouse	CBS201MD	Includes Goat-Anti-Mouse Secondary HRP Conjugate (ready-to-use reagent) and Antibody Diluent. Reagents for 96 Simple Western data points.	\$150
ALA CARTE SIZE REAGENTS			
WES ALA CARTE			
Wes, Sally Sue, Peggy Sue Sample Buffer	042-195	Wes, Sally Sue, Peggy Sue 10X Sample Buffer (440 µL)	\$50

Wes Antibody Diluent II	042-203	Antibody Diluent 2 for Wes (20 mL). Ships overnight at room temperature. Antibody Diluent is recommended for dilution of primary and secondary antibodies. Upon receipt, store at 4C.	\$50
Streptavidin-HRP	042-414	Streptavidin-HRP Conjugate (ready-to-use reagent) for use with the Simple Western Size Standard.	\$75
Chemiluminescent Substrate	PS-CS01	Chemiluminescent Substrate (2 bottles, 2 mL/bottle). Includes Luminol-S (042-233) and Peroxide (042-234).	\$150
Standard Pack 1	PS-ST01-8	Includes 8 packets with one each of the Single Use Biotinylated Ladder (MW ladder spans 12-230 kDa), Single Use FL Standard (29 kDa system control protein) and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Standard Pack 2	PS-ST02-8	Includes 8 packets with one each of the Single Use Biotinylated Ladder (MW ladder spans 12-230 kDa), Single Use FL Standard 2 (180 kDa system control protein) and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Standard Pack 3 66-440 kDa	PS-ST03-8	Use with Compass v2.6 or higher. Includes 8 packets with one each of the Single Use Ladder 66-440 kDa, Single Use FL Standard 3 with 90 kDa system control protein and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Standard Pack 4 66-440 kDa	PS-ST04-8	Use with Compass v2.6 or higher. Includes 8 packets with one each of the Single Use Ladder 66-440 kDa, Single Use FL Standard 3 with 200 kDa system control protein and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Wes Pre-filled Plates	PS-PP01	8 Plates (pre-filled with Separation Matrix, Stacking Matrix, Running Buffer and Matrix Removal Buffer).	\$400
Wes 66-440 kDa Pre-filled Plates	PS-PP02	Use with Compass v2.6 or higher. 8 Plates (pre-filled with Separation Matrix 3, Stacking Matrix 2, Running Buffer 3 and Matrix Removal Buffer).	\$400
Wes 25-Capillary Cartridges (8 pack)	PS-CC01	Wes Capillaries (8 cartridges - 25 capillaries/cartridge)	\$900
Wes 13-Capillary Cartridges (8 pack)	PS-CC02	Wes Capillaries (8 cartridges - 13 capillaries/cartridge)	\$650
Wash Buffer	042-202	Wash Buffer (60 mL)	\$50
Anti-Rabbit Secondary Antibody	042-206	Goat Anti-Rabbit Secondary HRP Conjugate (for Wes, Sally Sue, and Peggy Sue only).	\$75
Anti-Mouse Secondary Antibody	042-205	Goat Anti-Mouse Secondary HRP Conjugate (for Wes, Sally Sue, and Peggy Sue only).	\$125
Erk 1 Primary Antibody for Size Assays	042-486	Erk 1 Rabbit Primary Antibody, 1X stock (1 mL)	\$220
HeLa Lysate Controls for Wes, Sally Sue and Peggy Sue	042-488	HeLa lysate, lysed in RIPA Lysis Buffer (20 µL/vial)	\$180
10X System Control Primary Antibody-Rabbit	042-196	Detects system controls. Mix 25 µL of the System Control Primary Antibody to 225 µL of your diluted rabbit Primary Antibody. Pipette 10 µL of the mixture per well. Match with Standard pack 1, 2, 3 or 4 (250 ul/vial)	\$75
10X System Control Primary Antibody-Mouse	042-191	Detects system controls. Mix 25 µL of the System Control Primary Antibody to 225 µL of your diluted mouse Primary Antibody. Pipette 10 µL of the mixture per well. Match with Standard pack 1, 2, 3 or 4 (250 ul/vial)	\$75

Wes Total Protein Biotin Labeling Kit	PS-BL01-8	Use with Compass v2.6 or higher. Biotin labeling reagent (8-single use), total protein reconstitution agent 1 and total protein reconstitutions agent 2 for Wes. Single use. Store at 4°C	\$190
Total Protein Streptavidin-HRP	042-976	Use with Compass v2.6 or higher. Streptavidin-HRP for Total Protein Assay for Wes, Sally Sue/Peggy Sue, 2.0 mL. Ready to use.	\$82
SALLY SUE/PEGGY SUE ALA CARTE			
Peggy Sue/Sally Sue Separation Matrix	042-512	Separation matrix 2 (2.5 mL)	\$40
Peggy Sue/Sally Sue 66-440 kDa Separation Matrix	042-918	Use with Compass v2.6 or higher. Separation Matrix 3 for Peggy Sue or Sally Sue (2.5 mL)	\$40
Peggy Sue/Sally Sue Stacking Matrix	042-513	Stacking matrix 2 (1.5 mL)	\$30
Peggy Sue/Sally Sue Antibody Diluent	042-514	Peggy Sue/Sally Sue Antibody Diluent 2 for size assay (10 mL). Ships overnight at room temperature. Antibody Diluent is recommended for dilution of primary and secondary antibodies. Upon receipt, store at 4C.	\$30
Peggy Sue or Sally Sue Running Buffer	042-517	Running Buffer 2 for Peggy Sue or Sally Sue (140 mL)	\$60
Peggy Sue/Sally Sue 66-440 kDa Running Buffer	042-919	Use with Compass v2.6 or higher. Running Buffer 3 for Peggy Sue or Sally Sue (140 ml)	\$60
Peggy Sue or Sally Sue Matrix Removal Buffer	042-518	Matrix Removal Buffer 2 for Peggy Sue/Sally Sue (140 mL)	\$60
Peggy Sue or Sally Sue Wash Buffer	042-520	Peggy Sue/Sally Sue Wash Buffer (170 mL)	\$60
Standard Pack 1	PS-ST01-8	Includes 8 packets with one each of the Single Use Biotinylated Ladder (MW ladder spans 12-230 kDa), Single Use FL Standard (29 kDa system control protein) and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Standard Pack 2	PS-ST02-8	Includes 8 packets with one each of the Single Use Biotinylated Ladder (MW ladder spans 12-230 kDa), Single Use FL Standard 2 (180 kDa system control protein) and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Standard Pack 3 66-440 kDa	PS-ST03-8	Use with Compass v2.6 or higher. Includes 8 packets with one each of the Single Use Ladder 66-440 kDa, Single Use FL Standard 3 with 90 kDa system control protein and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Standard Pack 4 66-440 kDa	PS-ST04-8	Use with Compass v2.6 or higher. Includes 8 packets with one each of the Single Use Ladder 66-440 kDa, Single Use FL Standard 3 with 200 kDa system control protein and Single Use DTT vials. Reagents for 200 Simple Western data points. For use with Wes, Sally Sue, or Peggy Sue.	\$250
Peggy Sue or Sally Sue Luminol-S	042-521	Peggy Sue/Sally Sue Luminol-S (2 mL)	\$75
Peggy Sue or Sally Sue Peroxide	042-522	Peggy Sue/Sally Sue Peroxide (2 mL)	\$75
Streptavidin-HRP	042-414	Streptavidin-HRP Conjugate (ready-to-use reagent) for use with the Simple Western Size Standard.	\$75
Anti-Rabbit Secondary Antibody	042-206	Goat Anti-Rabbit Secondary HRP Conjugate (for Wes, Sally Sue, and Peggy Sue only).	\$75

Anti-Mouse Secondary Antibody	042-205	Goat Anti-Mouse Secondary HRP Conjugate (for Wes, Sally Sue, and Peggy Sue only).	\$125
Erk 1 Primary Antibody for Size Assays	042-486	Erk 1 Primary Antibody, 1X stock (1 mL)	\$220
HeLa Lysate Controls for Wes, Sally Sue and Peggy Sue	042-488	HeLa lysate, lysed in RIPA Lysis Buffer (20 µL/vial)	\$180
10X System Control Primary Antibody-Rabbit	042-196	To be used with rabbit primary antibody to Antibody Diluent. Detects system controls. Match with Standard pack 1, 2, 3 or 4 (250 ul/vial)	\$75
10X System Control Primary Antibody-Mouse	042-191	To be used with mouse primary antibody to Antibody Diluent. Detects system controls. Match with Standard pack 1, 2, 3 or 4 (250 ul/vial)	\$75
Peggy Sue/Sally Sue Total Protein Biotin Labeling Kit	PS-BL01-5	Use with Compass v2.6 or higher. Biotin labelling reagent (8-single use), total protein reconstitution agent 1 and total protein reconstitutions agent 2 for Sally Sue and Peggy Sue. Single use. Store at 4°C	\$190
Total Protein Streptavidin-HRP	042-976	Use with Compass v2.6 or higher. Streptavidin-HRP for Total Protein Assay for Wes, Sally Sue/Peggy Sue, 2.0 mL. Ready to use.	\$82
Peggy Sue or Sally Sue Repeater Pipette	031-102	Rainin AR-E1 positive-displacement electronic repeater pipette (0.1 - 50 mL). Use to dispense the Separation Matrix II for Sally Sue and Peggy Sue.	\$1,600
Peggy Sue or Sally Sue Repeater Pipette 0.5 mL Tips	031-103	A box of 100 of the 0.5 mL syringe tips used with the Peggy Sue/Sally Sue Repeater Pipette.	\$190
Capillaries - Size Separation for Peggy Sue/Sally Sue (1 pack)	SS700	Peggy Sue/Sally Sue Capillaries for size assays (1 box of 96 capillaries)	\$600
Capillaries - Size Separation for Peggy Sue/Sally Sue (5 pack)	SS701	Peggy Sue/Sally Sue Capillaries for size assays (5 boxes of 96 capillaries)	\$2,500
Assay Plate/Lid Kit for 384 well plates (5-Pack)	040-663	Includes five 384-well plates and lids. * Must be ordered with p/n 041-528.	\$90
Sponge Pack for Peggy/Sally, Peggy Sue, Sally Sue, NanoPro 1000	041-528	Includes 6 manifold cleaning sponges. * Must be ordered with p/n 040-663.	\$8
Pipetting Guide	041-606	Pipetting guide for Sally, Peggy, Sally Sue, Peggy Sue Size Assay	\$30
Instrument Cup (set of 3)	041-595	Includes set of 3 instrument cups	\$30
Peggy Sue/Sally Sue Pipete Wash Solution	043-116	Includes pipete wash solution (180 mL) and three empty reservoir cups	\$40
PEGGY/SALLY ALA CARTE			
Simple Western Size Standard 1	CBS201STD 1	Includes Biotinylated Ladder 1 (MW ladder spans 12-180 kDa), Ladder Resuspension Buffer and Streptavidin-HRP. Reagents for 480 Simple Western data points.	\$100
Single Use FL standard	041-695	Single Use FL standard-strip of 8 tubes (for use with Simple Western Size Standard 1 MW Ladder 12-180kDa)	\$100
Separation Matrix	041-247	Separation matrix 1 (2.5 mL)	\$85
Stacking Matrix	041-248	Stacking matrix (1.5 mL)	\$35
Peggy or Sally Running Buffer	041-505	Running Buffer for Peggy or Sally (140 mL)	\$160
Peggy or Sally Matrix Removal Buffer	041-504	Peggy/Sally Matrix Removal Buffer (140 mL)	\$160
Peggy/Sally Wash Buffer	041-586	Peggy/Sally Wash Buffer (170 mL)	\$180

Peggy or Sally Luminol-S	041-552	Peggy/Sally Luminol-S (2 mL)	\$50
Peggy or Sally Peroxide	041-553	Peggy/Sally Peroxide (2 mL)	\$50
Peggy/Sally DTT	041-428	Peggy/Sally Single use DTT-strip of 8 tubes	\$115
Simon, Sally, Peggy Sample Buffer	041-265	Simon, Sally, Peggy 10X Sample Buffer (400 uL)	\$50
Capillaries- Size Separation for Peggy/Sally (1 pack)	MR700	Peggy/Sally Capillaries for size assays (1 box of 96 capillaries)	\$600
Capillaries- Size Separation for Peggy/Sally (5 pack)	MR701	Peggy/Sally Capillaries for size assays (5 boxes of 96 capillaries)	\$2,500
Assay Plate/Lid Kit for 384 well plates (5-Pack)	040-663	Includes five 384-well plates and lids. * Must be ordered with p/n 041-528.	\$90
Sponge Pack for Peggy/Sally, Peggy Sue, Sally Sue, NanoPro 1000	041-528	Includes 6 manifold cleaning sponges. * Must be ordered with p/n 040-663.	\$8
Instrument Cup (set of 3)	041-595	Includes set of 3 instrument cups	\$30
HeLa Lysate Control - Bicine/CHAPS Buffer for Simon, Sally and Peggy	041-468	Includes 1 vial of HeLa lysate, lysed in Bicine/CHAPS Lysis Buffer (35 µL/vial)	\$250
Antibody Diluent Plus	041-808	Antibody Diluent Plus for size assay (10mL) for Simon, Sally or Peggy. Ships overnight at room temperature. ProteinSimple strongly recommends use of the Antibody Diluent for dilution of primary and secondary antibodies as it has been proven superior to any other buffer system tested. Upon receipt, store at 4C.	\$35
Streptavidin-HRP (Simon, Sally, Peggy)	041-270	Streptavidin-HRP Conjugate (ready-to-use reagent) for use with Simon, Peggy and Sally 120 ul	\$75
Pipetting Guide	041-606	Pipetting guide for Sally, Peggy, Sally Sue, Peggy Sue Size Assay	\$30
SIMON ALA CARTE			
Simple Western Size Standard 1	CBS201STD 1	Includes Biotinylated Ladder 1 (MW ladder spans 12-180 kDa), Ladder Resuspension Buffer and Streptavidin-HRP. Reagents for 480 Simple Western data points.	\$100
Single Use FL standard	041-695	Single Use FL standard-strip of 8 tubes (for use with Simple Western Size Standard 1 MW Ladder 12-180kDa)	\$100
Separation Matrix	041-247	Separation matrix 1 (2.5 mL)	\$85
Stacking Matrix	041-248	Stacking matrix (1.5 mL)	\$35
Simon Matrix Removal Buffer	041-252	Simon Matrix Removal Buffer (20 mL)	\$50
Simon Running Buffer	041-249	Running buffer for Simon (15 mL)	\$70
Simon Wash Buffer	041-427	Simon Wash Buffer (20 mL)	\$50
Streptavidin-HRP (Simon, Sally, Peggy)	041-270	Streptavidin-HRP Conjugate (ready-to-use reagent) for use with Simon, Peggy and Sally 120 ul	\$75
Simon Luminol-S	041-271	Simon Luminol-S (750 uL)	\$30
Simon Peroxide	041-272	Simon Peroxide (750 uL)	\$30
Simon Capillaries	MR CAPS	Simon capillaries (8 clips)	\$660
Antibody Diluent Plus	041-808	Antibody Diluent Plus for size assay (10mL) for Simon, Sally or Peggy. Ships overnight at room temperature. Antibody Diluent is recommended for dilution of primary and secondary antibodies. Upon receipt, store at 4C.	\$35
Simon, Sally, Peggy Sample Buffer	041-265	Simon, Sally, Peggy 10X Sample Buffer (400 uL)	\$50
HeLa Lysate Control - Bicine/CHAPS Buffer for Simon, Sally and Peggy	041-468	Includes 1 vial of HeLa lysate, lysed in Bicine/CHAPS Lysis Buffer (35 µL/vial)	\$250

SIMPLE WESTERN CHARGE CONSUMABLES

Item	Part No.	Description	US List Price
PEGGY/NANOPRO KITS			
XDR Charge Separation Master Kit for Peggy Sue, Peggy or NanoPro 1000	CBS2001	Includes 5 boxes of capillaries, five 384-well plates with lids, Anolyte, Catholyte, Wash Concentrate, Luminol, and Peroxide XDR and manifold cleaning sponges.	\$2,475
Peggy System Charge Training Kit	PS-T003	Includes a XDR Charge Separation Master Kit for Peggy Sue, Peggy or NanoPro 1000, CBS404, CBS403, Premix G2 pH 5-8 and pH 3-10, DMSO Inhibitor mix, Goat Anti-Rabbit Secondary Antibody, Goat Anti-Mouse Secondary Antibody, Pan ERK Antibody (rabbit), and pI Standard Ladders 1 and 3.	\$4,000
HeLa Lysate Controls Kit - Bicine/CHAPS Buffer for Charge Assays	CBS404	Includes 5 vials each of low phospho and high phospho HeLa lysate, lysed in Bicine/CHAPS Lysis Buffer (5 µL/vial). Ships overnight on dry ice. Upon receipt, store the components at 4C.	\$220
Lysis Kit - Bicine/CHAPS Buffer for Charge Assays	CBS403	Includes Bicine/CHAPS Lysis Buffer, Aqueous Inhibitor, DMSO Inhibitor Mix, and Cell Wash Buffer. Ships overnight on dry ice. Upon receipt, store components at 4C.	\$410
Lysis Kit - RIPA Buffer for Charge Assays	CBS401	Includes RIPA Buffer, Aqueous Inhibitor, DMSO Inhibitor Mix and Cell Wash Buffer. Ships overnight on dry ice. Upon receipt, store components at 4C.	\$410
Amplified Rabbit Secondary Antibody Detection Kit	041-126	Includes SA-HRP conjugate (50 uL), Secondary Goat-Anti-Rabbit-Biotin Conjugate (50 uL); antibody Diluent Included. REAGENT FOR PEGGY OR NANOPRO 1000 USERS ONLY. ProteinSimple strongly recommends use of the Antibody Diluent for dilution of primary and secondary antibodies as it has been proven superior to any other buffer system tested. Ships overnight at room temperature. Upon receipt, store at 4C.	\$500
Amplified Mouse Secondary Antibody Detection Kit	041-127	Includes SA-HRP conjugate (50 uL), Secondary Goat-Anti-Mouse-Biotin Conjugate (50 uL); Antibody Diluent Included. REAGENT FOR PEGGY OR NANOPRO 1000 USERS ONLY. ProteinSimple strongly recommends use of the Antibody Diluent for dilution of primary and secondary antibodies as it has been proven superior to any other buffer system tested. Ships overnight at room temperature. Upon receipt, store at 4C.	\$590
ALA CARTE CHARGE REAGENTS			
Goat-Anti-Mouse-HRP Secondary Antibody	040-655	HRP-conjugated Goat-Anti-Mouse Secondary Antibody (50 uL); Antibody Diluent included. ProteinSimple strongly recommends use of the Antibody Diluent for dilution of primary and secondary antibodies as it has been proven superior to any other buffer system tested. Ships overnight at room temperature. Upon receipt, store at 4C.	\$320

Goat-Anti-Rabbit Secondary Antibody	040-656	HRP-conjugated Goat-Anti-Rabbit Secondary Antibody (50 uL); Antibody Diluent included. ProteinSimple strongly recommends use of the Antibody Diluent for dilution of primary and secondary antibodies as it has been proven superior to any other buffer system tested. Ships overnight at room temperature. Upon receipt, store at 4C.	\$230
Goat-Anti-Rabbit HUX HRP Secondary Antibody	041-081	HRP-Conjugated Goat-Anti-Rabbit Secondary Antibody cross-absorbed for minimal cross-reactivity against human antigens (50 uL); Antibody Diluent included. ProteinSimple strongly recommends use of the Antibody Diluent for dilution of primary and secondary antibodies as it has been proven superior to any other buffer system tested. Ships overnight at room temperature. Upon receipt, store at 4C.	\$250
Pan Erk Primary Antibody	040-474	Pan Erk Primary Antibody, 1X stock (1 mL)	\$55
Phospho-Erk 1/2 Primary Antibody	040-477	Phospho-Erk 1/2 Primary Antibody, 1X stock (1mL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$220
pI Standard Ladder 1	040-644	pI Standard Ladder 1: 4.0, 4.9, 6.0, 6.4, 7.3 (175 uL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$230
pI Standard Ladder 2	040-645	pI Standard Ladder 2: 4.2, 4.9, 6.0, 6.4, 7.0 (175 uL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$230
pI Standard Ladder 3	040-646	pI Standard Ladder 3: 4.9, 6.0, 6.4, 7.0, 7.3 (175 uL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$230
pI Standard Ladder 4	040-647	pI Standard Ladder 4: 4.9, 5.5, 6.0 (175 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$200
pI Standard, 4.0	040-024	pI Standard, 4.0 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 4.2	040-025	pI Standard, 4.2 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 4.4	040-026	pI Standard, 4.4 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 4.9	040-027	pI Standard, 4.9 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 5.5	040-028	pI Standard, 5.5 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 6.0	040-029	pI Standard, 6.0 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 6.4	040-030	pI Standard, 6.4 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 7.0	040-031	pI Standard, 7.0 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 7.3	040-032	pI Standard, 7.3 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$90
pI Standard, 8.4	041-036	pI Standard, 8.4 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$90
pI Standard, 9.7	040-790	pI Standard, 9.7 (50 uL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$90
Premix G2, ampholyte-free separation gradient	040-967	Premix G2, ampholyte-free separation gradient (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$220
Premix G2, pH 3–10 separation gradient	040-968	Premix G2, pH 3–10 separation gradient (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240
Premix G2, pH 4–7 (nested) separation gradient	040-970	Premix G2, pH 4–7 (nested) separation gradient, pH 2-4 plug (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240

Premix G2, pH 4–9 separation gradient	040-969	Premix G2, pH 4–9 separation gradient (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240
Premix G2, pH 5–6 separation gradient	040-971	Premix G2, pH 5–6 separation gradient (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240
Premix G2, pH 5–8 (nested) separation gradient, pH 2–4 plug	040-972	Premix G2, pH 5–8 (nested) separation gradient, pH 2–4 plug (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240
Premix G2, Pharmalyte pH 5–8 separation gradient	040-973	Premix G2, Pharmalyte pH 5–8 separation gradient (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240
Premix G2, Servalyt pH 5–8 separation gradient	040-974	Premix G2, Servalyt pH 5–8 separation gradient (1.5 mL); Ships overnight at room temperature. Upon receipt, store at 4C and in the dark.	\$240
Anolyte Refill	040-337	Anolyte Refill (200 mL)	\$55
Catholyte Refill	040-338	Catholyte Refill (200 mL)	\$55
Wash Concentrate Refill	041-108	Wash Concentrate Refill (200 mL). REAGENT FOR PEGGY or NANOPRO 1000 USERS ONLY. Ships overnight at room temperature. Upon receipt, store at 4C.	\$55
Peroxide XDR	041-084	Peroxide XDR (2 mL); Ships overnight at room temperature. Upon receipt, store at 4°C.	\$55
Luminol	040-652	Luminol (2 mL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$55
RIPA Lysis Buffer	040-483	RIPA Lysis Buffer (10 mL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$22
Bicine/CHAPS Lysis Buffer and Sample Diluent	040-764	Bicine/CHAPS Lysis Buffer and Sample Diluent (10 mL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$25
DMSO Inhibitor Mix	040-510	DMSO Inhibitor Mix, 50X (200 uL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$165
Aqueous Inhibitor Mix	040-482	Aqueous Inhibitor Mix, 25X (400 uL); Ships overnight on dry ice. Upon receipt, store at -20C.	\$165
Sample Diluent	040-649	Sample Diluent (3 mL); Ships overnight at room temperature. Upon receipt, store at 4C.	\$30
Antibody Diluent	040-309	Antibody Diluent (10 mL)	\$28
Capillaries-Charge Separation for Peggy or NanoPro 1000	CBS700	Peggy, Peggy Sue and NanoPro 1000 Capillaries for charge assays (1 box of 96 capillaries)	\$490
Capillaries-Charge Separation for Peggy or NanoPro 1000 (5-Pack)	CBS701	Peggy, Peggy Sue and NanoPro 1000 Capillaries for charge assays (5 boxes of 96 capillaries)	\$2,200
Sponge Pack for Peggy, Sally, NanoPro 1000	041-528	Includes 6 manifold cleaning sponges. Must be ordered with p/n 040-663.	\$8
NanoPro Leveling Solution	040-793	NanoPro Leveling Solution	\$140
NanoPro 100 Master Kit	CBS3000	Includes 1 box of eight capillary clips, eight NanoPro 100 assay plates, Anolyte, Catholyte, Wash Buffer, Luminol, and Peroxide. Ships overnight at room temperature. Upon receipt, store plates at room temperature, store capillaries in the dark at room temperature and desiccated, and all other components at 4C.	\$770
NanoPro 100 Capillaries	CBS800	1 box of 8 capillary clips. Ships overnight at room temperature. Upon receipt, store at room temperature. Light and moisture sensitive. When not in use keep box cover closed. Keep box desiccated.	\$660

NanoPro 100 Plate Kit	040-901	Includes eight 36 well plates and lids. Ships overnight at room temperature. Upon receipt, store at room temperature.	\$80

SIMPLE WESTERN VALIDATION AND COMPLIANCE OPTIONS

Item	Part No.	Description	US List Price
Simon IQ/OQ Validation Service	SimonIQOQ	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the Simon instrument.	\$6,500
Sally IQ/OQ Validation Service	SallyIQOQ	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the Sally instrument.	\$9,000
Peggy IQ/OQ Validation Service	PeggyIQOQ	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the Peggy instrument.	\$13,000
Wes IQ/OQ Validation Service	WES IQOQ	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the Wes instrument.	\$5,000
Sally Sue IQ/OQ Validation Service	SALLY SUE IQOQ	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the Sally Sue instrument.	\$9,000
Peggy Sue IQ/OQ Validation Service	PEGGY SUE IQOQ	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the Peggy Sue instrument.	\$13,000
NanoPro1000 IQ/OQ Validation Service	004-411	This validation service provides all reagents, documents, procedures, and service required to complete installation qualification and an operational qualification of the NP1000 instrument.	\$9,000
Authentication Server	001-499	Authorization Server software used in conjunction with the Compass Software Access Control feature (10-seat license). Supports Compass Software 21 CFR Part 11 data security requirements when using Simple Western instruments.	\$7,500

SIMPLE WESTERN SERVICE OPTIONS

Item	Part No.	Description	US List Price
Application Support	004-931	One day of on-site application support	\$3,000
Wes Warranty Upgrade	S-WES-FSO	Upgrade of standard depot repair service for Wes, to onsite field service. Provides all labor and materials for repairs for a 1 year period. Must be purchased at time of instrument purchase.	\$3,000
Wes Field Service Contract	S-WES-GLD	Repairs are made at customer site. Provides all labor and material for repairs over a 1 year period .	\$9,000
Wes Depot Service Contract	S-WES-DS	Repairs are made at the ProteinSimple facility. Provides all labor and material for repairs over a 1 year period. No PM included.	\$5,000

Wes Preventative Maintenance	S-PMWES-FS	Preventative Maintenance for the instrument at customer site. Provides all labor and material for preventative maintenance.	\$3,000
Sally/Sally Sue Platinum Field Service Contract	S-Sally-PL	Platinum Service provides the highest level of service available. Repairs are made onsite with priority scheduling. Provides all labor and material for repairs over a 1 year period and includes a preventive maintenance (PM) visit.	\$22,900
Sally/Sally Sue Gold Field Service Contract	S-Sally-GLD	Repairs are made onsite. Provides all labor and material for repairs over a 1 year period. No PM included.	\$15,500
Sally/Sally Sue Distributor Parts Only Service	S-SALLY-DIST	Repairs are made onsite. Provides material for repairs. No PM included.	N/A
Peggy/Peggy Sue Platinum Field Service Contract	S-Peggy-PL	Platinum Service provides the highest level of service available. Repairs are made onsite with priority scheduling. Provides all labor and material for repairs over a 1 year period and includes a preventive maintenance (PM) visit.	\$29,950
Peggy/Peggy Sue Distributor Parts Only Service	S-PEGGY-DIST	Repairs are made onsite. Provides material for repairs. No PM included.	N/A
NanoPro 1000 Platinum Field Service Contract	S-NP1K-PL	Platinum Service provides the highest level of service available. Repairs are made onsite with priority scheduling. Provides all labor and material for repairs over a 1 year period and includes a preventive maintenance (PM) visit.	\$22,900
NanoPro 1000 Distributor Parts Only Service	S-NP1K-DIST	Repairs are made onsite. Provides material for repairs. No PM included.	N/A
Simon Platinum Field Service Contract	S-SIMON-PL	Platinum Service provides the highest level of service available. Repairs are made onsite with priority scheduling. Provides all labor and material for repairs over a 1 year period and includes a preventive maintenance (PM) visit.	\$11,700
Simon Gold Field Service Contract	S-SIMON-GLD	Repairs are made onsite. Provides all labor and material for repairs over a 1 year period. No PM included.	\$7,900
Simon Distributor Parts Only Service	S-SIMON-DIST	Repairs are made onsite. Provides material for repairs. No PM included.	N/A
NanoPro 100 Field Platinum Service Contract	S-NP100-PL	Platinum Service provides the highest level of service available. Repairs are made onsite with priority scheduling. Provides all labor and material for repairs over a 1 year period and includes a preventive maintenance (PM) visit.	\$15,200

NanoPro 100 Distributor Parts Only Service	S-NP100-DIST	Repairs are made onsite. Provides material for repairs. No PM included.	N/A
