

Special Permission Required

Course Description	The Acting Internship (AI) is a comprehensive clinical experience designed to provide the student with increased responsibilities for the assessment and management of patients. Students are integrated into the health care team and will have primary responsibility for the patient's care under close supervision. The Acting Intern will experience the roles and responsibilities of an intern on the team. This AI will provide students an opportunity to participate in a full range of services provided by a gynecologist, including inpatient rounds, surgery, inpatient consultation.
Course Objectives	<ul style="list-style-type: none"> • Perform evaluations, screenings and diagnostic tests, and identify management options (both medical and surgical) for common gynecologic problems • Describe and discuss surgical anatomy and its relation to clinical findings and procedures • Enhance proficiency by completing physical examinations and clinical testing relevant to gynecology
Course Activities	Students in this course will complete morning rounds with the team and will be assigned to cover surgical cases based on the student's areas of interest. Participation in Grand Rounds and academic conferences is encouraged. Students will also cover inpatient consultation services. Students will be under the direct supervision of the Chief Resident in Gynecology.
Course Schedule Requirements	No on-call requirement. Student is present during inpatient hours, Monday – Friday 6am to 5pm, (excluding holidays as determined by the ECU calendar).
