**What?**

- No cost doula like support for birthing persons on L&D unit at ECU Health
- 40 volunteers serve 2 x 8hr shifts per month
- Provide continuous emotional, physical and informational support
- Use non-medical pain relief techniques
- Support patient within medical plan of care determined by their medical team.
- Stay with the birthing person throughout labor and birth giving reassurance, encouragement, and comfort.
- Aid with skin-to-skin contact and breastfeeding initiation in the immediate postpartum period

**So What?**

**The Uneven Burden of U.S. Maternal Mortality**

Pregnancy-related deaths in the United States per 100,000 live births by race/ethnicity of mother:

- Black: 20.1
- Hispanic: 15.2
- White: 13.4
- Other: 11.6

Source: CDC, National Vital Statistics System

- ACOG Recommendation
- Promote positive birth outcomes to address disparities in maternal and Infant mortality rates in Eastern NC
- CDC reports NC Maternal Mortality Rate of 20 deaths per 100,000 live births compared to US MMR of 17.5 deaths per 100,000 live births
- Free doula support for those who face financial barriers and most at risk of poor birth outcomes

**Now What?**

- Strengthening program foundation
- Continue to develop education and training of volunteers
- Expand and develop program to provide prenatal and postpartum support
- Recruit more pre-health and health professional students
- Continue to expand connections at hospital and outpatient setting
- Connect with local and state networks committed to infant and maternal health
- Increase community presence and awareness of program

**ACKNOWLEDGEMENTS**

- ACOG Recommendation
- Promote positive birth outcomes to address disparities in maternal and Infant mortality rates in Eastern NC

- Free doula support for those who face financial barriers and most at risk of poor birth outcomes

With many thanks to founders of the program Uma Gaddamanugu, Shantell McIver, and my co-director Alexis Moore as well as program manager Rachana Chari. We are also thankful to ECU Health leaders Leslie Coggin, Angela Still and Chad Tucker and our wonderful Lactation specialists Donna Brooks and Heather Bazemore. The program is very grateful for the continued support and guidance of Dr. Cunningham.

Also, a huge thanks to our dedicated volunteers who make the program possible.
