

## What?

### Building Hope

- Mission: To serve the children and families of Greenville as a youth and family development organization
- Provide academic support, character and leadership development, service opportunities, career exploration, and family engagement
- Summer Camp at Building Hope: Provide students with tools and resources to develop leadership skills and creative abilities, as well as offer exposure to career opportunities

## So What?

- Program designed to educate minority youth within the local community about a career in healthcare
- Expose minority youth to healthcare career opportunities through engaging hands-on activities and exercises
- Promote good health and well-being in youth and adolescents for local community
- Interactive activities for education on mental health and techniques for promoting and maintaining good mental and spiritual health outcomes

## Now What?

- **Cultivate** longitudinal relationships formed with students and organization staff by participating in academic programs and leading new engaging and interactive experiences
- **Carry on** goals created for summer program into the academic year
- **Collaborate** with other community partners, organizations, and student volunteers to meet goals
- **Continue** advancing the goals and priorities of the organization by assessing current needs and designing programs and experiences to meet those needs

### ACKNOWLEDGEMENTS

I would like to thank the Building Hope Community Life Center, the Brody Orthopedic Surgery Interest Group, SLDT Scholars (Kayla Mayes and Lauren Thornton), the Brody Clinical Simulation Lab, Dr. Deanna Boyette, MD, Dr. David Maish, MD, Gabrielle Perryman, PA-C, and Rick McGlothlin, PA-C for making this program possible.
