

Special Permission Required

Course Description	<p>This is virtual experience for 4th year medical students to learn the basics of Pediatric medicine over 2 weeks. The course is set up to include didactics, discussion boards, simulation of procedures and online meetings with current residents and faculty. The goal of the course is to prepare future pediatricians by teaching the basics of inpatient and outpatient pediatric medicine, provide advice on career planning and stimulate discussion about current events as it relates to pediatrics. We will assess participation and knowledge with weekly assignments and quizzes.</p> <p><i>*This course will be graded as Pass/Fail</i></p>
Course Objectives	<ul style="list-style-type: none"> • Describe issues facing physicians including burnout and work-life balance and discuss factors to improve these issues • Present an age appropriate H&P on pediatric patients • Interpret and analyze available information to make informed decisions regarding diagnosis and treatment of common inpatient pediatric issues • Interpret and analyze available information to make informed decisions regarding diagnosis and treatment of common outpatient pediatric issues • Evaluate the challenges in the world right now and express how these challenges affect the pediatric population
Course Activities	<p>The course will be structured with half day activities daily through the week, supplemented with reading materials and recorded lectures. Students are also expected to attend resident lectures, including grand rounds, tumor boards, case conferences and chairman's conferences. Students are also required to participate in online group discussions with residents and faculty as well as online discussion boards. There will be a mandatory weekly simulation session on various pediatric topics for the students to attend.</p>
Course Schedule Requirements	<p>No on-call requirement. Student is present during usual clinical hours (7:00am – 5:00pm, Monday – Friday, excluding holidays as determined by the ECU calendar).</p>
